

PROJECT INFORMATION

„Das neue WIR“ 2018/2019

Description of the project

The project *Das neue WIR* aims to capacitate 20 motivated young people living in Berlin in project management and intercultural teamwork. During the training, the participants will work in teams to develop exciting projects together, applying the concepts learned and helping to shape their community in Berlin. At the end of the program, the participants will be able to conceive, develop and successfully implement their own projects. The workshops usually take place on weekends, so they will not interfere with school, university or work. *Das neue WIR* is a scholarship program funded by the Ministry for Family Affairs, Senior Citizens, Women and Youth. Participation is free of charge. Upon conclusion, the participants can obtain a certificate as "Interkulturelle_r Projektmanager_in" (intercultural project manager).

Who can participate?

The project is aimed at young people living in Berlin, aged between 18 and 27 years old. We are looking for motivated and committed people, who would like to learn about project management and intercultural team work in intercultural, multilingual teams and who want to change their city through voluntary collaborative projects. You should have time for about 2-3 days per month in the period from October 2018 to July 2019.

The course of the project

The project consists of two introductory weekends in 2018, five workshop-Saturdays in 2019 and the time you need to implement your projects. The content of the modules will be developed with the participants throughout the course of the training.

The participants will form teams to develop and implement project ideas together. You will have the opportunity to:

- learn tools for project development and implementation (such as the development of ideas, applications, budget planning, self-organization)
- improve your skills in intercultural teamwork and share experiences
- practice to present, negotiate and moderate projects

Two project facilitators from the Akademie für Ehrenamtlichkeit Deutschland and SC Bomani e.V. support the participants in the conception and implementation of their project ideas. After completion of the project, the participants will be able to develop, present and successfully carry out their own projects.

Dates and content

Date: 19-21 October 2018
Time: 18:00 to 14:00

1st Seminar: Introductory weekend

On this first weekend, the participants get to know each other. We will be focusing on intercultural team building. First project ideas will be exchanged.
